Forecast For Grampian
Issued by Met Office Aberdeen
at 1600 on Wednesday 27 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain, sleet and snow developing on Thursday, heavy on hills.

This Evening and Tonight:
A dry evening and night with clear skies allowing a widespread frost. This will be severe in some inland areas especially where there is still snow cover. Cloud starting to increase in south later. Winds will be light. Minimum temperature -8 deg C (18 deg F).

Thursday:
A dry start. Then rain, with snow on higher ground inland, gradually spreading from south. Snow to quite low levels in Moray, with some heavy falls on hills more widely. Maximum temperature 3 deg C (37 deg F).

Outlook for Friday to Sunday:
Remaining sleet and snow clearing south early Friday then sunny spells, a few wintry showers in north. The weekend sunny but cold, a few coastal wintry showers.
